## **SECTION 5100 STREET SIGNS AND TRAFFIC CONTROL**

### **5100 STREET SIGNS AND TRAFFIC CONTROL**

#### **5101 GENERAL**

##### 5101.1 Purpose

The purpose of these specifications is to provide uniformity in the City of Manhattan for Public Works street name signs and permanent traffic control measures which are designed and constructed.

##### 5101.2 Scope

These specifications are intended to cover the construction procedures and materials for the street name signs, permanent traffic control and other miscellaneous traffic items routinely constructed within the City Limits of Manhattan. Procedural and administrative items covered in Division I, General Provisions and Covenants of these specifications shall supersede such items covered in the specifications referenced below unless specifically noted in the project Special Provisions.

#### **5102 DESIGN CRITERIA**

5102.1 The City's current standard for this section is the current adopted edition of the Manual on Uniform Traffic Control Devices from Federal Highway Administration; that the State Highway Commission of Kansas has adopted shall apply for the City of Manhattan. This manual is available from:

Federal Highway Administration  
1200 New Jersey Ave., SE  
Washington, DC 20590

5102.2 Manhattan Standard Detail Sheets: MSD5110 (Street Name Signs), MSD 5120 (Permanent Traffic Control), MSD 5130 (Sign Quantities Details) shall be used for the design of these improvements within the City Limits of Manhattan.
